EDUCATION

2025
AIDEAS

- AI competency development program

2019
CODERS LAB

- Classroom course "JavaScript developer: React" (320h)

2013 - 2018
WARSAW UNIVERSITY OF TECHNOLOGY

- Degree course: Civil engineering
- Degree: Engineer

SKILLS

- Communication
- Teamwork
- Creativity
- Empathy
- Critical thinking
- Continuous learning
- Attention to detail

ABOUT ME

Senior Frontend Developer specializing in React and TypeScript, with 7+ years of commercial experience building and maintaining modern web applications. Experienced in developing complex, business-critical solutions for international clients, translating business requirements into scalable and intuitive user interfaces. Strong expertise in React ecosystem, state management, data fetching and frontend architecture. Hands-on experience with Redux Toolkit, TanStack Query, Next.js and modern UI libraries. Focused on writing clean, maintainable code, delivering high-quality solutions and collaborating effectively with cross-functional teams.

WORK EXPERIENCE

Fabrity *Senior React developer* 05.2023 - PRESENT

- Developing and maintaining complex enterprise-level logistics management applications for an international client.
- Building scalable and reusable UI components using React, TypeScript and Fluent UI.
- Managing application state and server-side data using Redux, TanStack Query and React Context.
- Integrating frontend applications with Microsoft SharePoint.
- Working directly with an international client to translate business requirements into technical solutions.
- Contributing to frontend architecture, code quality and maintainability.

Bytespack *React developer* 02.2021 - 04.2023

- Developing a web application from scratch for BIM-based construction cost estimation and carbon footprint analysis, with the integration of an AI model that generates a list of structural elements
- Applying engineering expertise to translate complex construction processes into front-end logic.
- Tech stack: React, TypeScript, Redux Toolkit, Material UI, DevExtreme, SCSS. Styled Components, React Testing Library, Jest, Tanstack Query, Storybook.

Lion Head Studio *Frontend developer* 07.2019 - 01.2021

- Creation and development of responsive applications and websites using React, Vue.js, JavaScript and WordPress.
- Delivering projects at various stages of development – from building applications from scratch, through the implementation of new features, to long-term maintenance.
- Building user interfaces in accordance with the principles of responsive design.

LANGUAGES

- English

- B2 Exam
- Professional experience working with international clients.

KRYSTIAN WASILEWSKI

SENIOR FRONTEND/REACT DEVELOPER

TECHNOLOGIES

Frontend:

React, TypeScript, JavaScript (ES6+), Next.js, HTML, CSS3, SCSS/SASS

State Management & Data Fetching:

TanStack Query, React Context, Redux Toolkit, Axios

UI Libraries & Styling:

Material UI, Fluent UI, Styled Components, Bootstrap, Tailwind, DevExtreme

Testing:

Jest, React Testing Library, Enzyme, Cypress

Backend & Databases:

Node.js, Express, MongoDB, PHP 7, WordPress

Developer tools and form handling:

GIT, Storybook, Formik, React Hook Form, yup, Google Firebase API

TOOLS

- **Jira**
- **Azure DevOps**
- **Asana**
- **Trello**
- **Figma**
- **BitBucket**
- **GitHub**
- **Claude AI**
- **GitHub Copilot**
- **Slack**

PRIVATE PROJECTS

- **Tax Tool -** Web application for calculating tax obligations on foreign income, integrated with the NBP exchange rate API.
  React, TypeScript, Material UI, Firebase, Styled Components, .
- **Income Manager** - Application for converting multi-currency income into PLN.
  React, TypeScript, Material UI, Styled Components.
- **Portfolio** - Personal portfolio focused on performance, SEO and modern web development..
  Next.js, React, TypeScript, Tailwind.
